W3TKQ	W3's AWH, PWG, WB3KAC, N3ADI
Welcome	W3VVS, WA3KLR

NOVEMBER 1984
DIRECTORS' MEETING

W3IIM, sitting in for KB3IV, opened the meeting, held at the home of AK2I, at 8:18 P.M., (We can't blame Eddie for this late start) on Wed. November 14th. In attendance were: W3's BBB, PST, W3SGR, AA, ZPP; N3ADI; K3GNM; WB3's CMM & KOJ; W2GMA; WB2SZF; KC2HX & N2CYA. - The minutes of the November General Meeting were approved as read. - W3IIN gave the Treasurer's Report (Yes we still have some money) Jinny recapped the Banquet Expenses. (The Harings are available to cater your next wedding, Bar Mitzvah & all other functions) Both reports were accepted. - A motion was made and passed directing the vice president to involve new members in committees in which they had expressed interest on their membership application. (Another job for the incoming VP) - WB3CMM reported on the various nets and thanked AK2I for his work on the Thursday net. Bill reminded the net controls to read the Blurb for announcements. - W3BBB mentioned the need for a replacement HF rig in MOCOM. (Where's the money?) Jim will investigate and report back to the board. N3DHI was thanked by the board for his work on the van. - W3IIM suggested that someone from the club contact The Institute regarding the status of W3TKQ. - Jack also reported on the social success of the banquet (Wait until you see what Jack has planned for 1989) and thanked W3BBB for the fine job he did as Master of Ceremonies - AK2I brought up the fact that the amateur ranks are dropping across the country. He suggested that the club become involved in the ARRL sponsored Volunteer Examination Program and that all classes of tests be administered at regular monthly meetings. In addition to helping the ham community, it was pointed out that Phil-Mont may gain additional members. After a short discussion, a motion was made and passed. Several members will apply

to ARRL for VE status and anyone holding and advanced or ext ticket, who is interested, should contact Jake for information. - The subject of additional nets (just what we need) was talked about with no firm decision reached. - The meeting was adjourned at 9:50. - Thanks to Jake and Lorraine (and the man in the corner) for their very gracious hospitality.

DECEMBER 1984
GENERAL MEETING

KB3IV opened the 421st General Meeting (Farewell to the Beard) of The Phil-Mont Mobile Radio Club, at 8:18 on December 3rd. The minutes of the November Directors' meeting were read and approved. (The Apple's last General Meeting) - W3IIN gave the Treasurer's report, which was (yes it really was) approved. (Get ready D\$G, it's almost audit time) Jinny reminded the club that dues are due. (Pay early, so BBB can spend fast) - W3VVS reported that the meeting was attended by 46 members and 13 guests (We got them this month). Paul introduced: Barri & Sherrie Gordon, Phil Turetsky, Margaret Gussman, Sharon Masarsky, Ernie Congleton (N3BBS), Stella Tinaglia, Al Gaskill (W3JWF), D. J. McDole (NC5NS), Ed Johnson (N6CXP), Jackie Chedeville, Betsy Reichert (N3EBE) & Elaine Spencer (Mother of one of the candidates for VP). - Ed welcomed AK2I back from his recent surgery. (Phil-Mont's Golden Tongue lives on) Jake thanked everyone for the cards and well wishes and then explained his feelings on the Volunteer Examination Program. Jake informed the membership that Phil-Mont will be administering tests and that anyone wishing to become a VE should contact him. He then asked if there was any interest in a Swap Net (Ham gear only). A show of hands (Jake counted to ten and ran short of fingers) indicated there was. Jake then explained the financial trouble that West Link is having and passed the hat. (Stay tuned to Jake on Thursday night for future appeals) -

WA3GOV, Howard Ziserman, one of our new members, told the club that he is now the Trustee of the Northeast High School Radio Club Station. He appealed for donations (Letters for Uncle Sam will be furnished) of equipment, books or anything that could be used in getting the students started. He can be reached at 563-5254. - KC5NS, Don McDole, assigned to the U.S.S. Lexington, was introduced. Don said that he will be in Philadelphia while the ship is being refitted. - W3ZPP, Chairman of the Awards Committee, presented the following awards:

The GEORGE WEED MEMORIAL AWARD
Jim Spencer, W3BBB

The LEROY HAUSER AWARD
Jack Haring, W3IIM

PHIL-MONTER of the YEAR
Jinny Haring, W3IIN

KB3IV then called for the Judge of Elections and in galloped, with guns blazing, WB3KOJ, who set the tone for the Annual Phil-Mont Elections.

(Rumor has it that W3BBB claimed that KOJ violated five of the By-Laws - I'm sure he is upset). After the smoke cleared and the ballots were counted, the following winners were announced:

President -- W3SRU
VICE PRES.-- N3DHI*
TREASURER -- KB3IV*
SECRETARY -- W3IIN**
DIRECTORS -- W3BBB & W3VVS

* Indicates member under 50
** Indicates age NONE OF YOUR BUSINESS

The meeting was adjourned at 9:40 and refreshment, some supplied by members wives, were served.

(BE SURE TO READ THIS COLUMN NEXT MONTH, WHEN THE OTHER BLOND BOOK END TAKES OVER)

73,

ELECTRONICS LOVE

If she wants a date - Meter
If she comes to call - Receiver
If she wants an escort - Conductor
If she's cheating - Detector
If she's fat - Condenser
If she's thin - Feeder
If she's extravagant - Limiter
If she's in error - Rectifier
If her hands are cold - Heater
If she fumes and sputters - Insulator
If she's ugly - Transformer
If she's bossy - Resistor
If she's too slow - Accelerator
If she's bored - Exciter
If she doesn't answer - Interrogator
If she refuses - Rejector

from NavShips 900, 10 March 1948

Here are some bits and pieces that have been gleaned (that's a nice way of saying "swiped") from our local brothers, The PackRats. - - -
Lyn Rowland, W3NSI, looks over a selected list of new products in much the same manner QST does, this not an advertisement, per se, just a brief description to let amateurs know what is in the marketplace for them.

HOME BUILT TOWER FITTINGS -
Bullseye Products has a line of hardware to be used with 3/4" electrical conduit to construct a custom tower unit to fit your individual needs. Such a unit has the advantage of being disassembled to move to another QTH or for Field Day. 28506 Hayes, Roseville, MI 48066

HAM COMPUTER INTERFACE -
The new MFJ 1229 is MFJ's most advanced RTTY/ASCII/AMTOR/CW in-

terface. Features include an LED tuning indicator, RS232 interface, variable-shift tuning, and use both wide and narrow shift RTTY. MFJ will provide free software for use with the VIC 20 and C64 computers. The 1229 can also be used with TRS, Atari, and TI94 using software from Kantronics or AEA. Price \$180.

ANTENNA BRIDGE - MFJ has also introduced an Antenna Bridge for use on the HF bands to 30 MHz. Using the MFJ 204 it is possible to find the frequency and resistance of an antenna WITHOUT turning on the transmitter. The 204 is powered by a 9 v. battery and has an output jack for use with a meter. It can also be used as a signal generator. Price \$80.

ALSO

Having helped we should know that the HAMARAMA's attendance was the best ever - over 3,000! The flea market started with 24 members having breakfast at 5 am, yet. The parking lot had to be closed before 8 am. And was opened and closed two more times later in the morning. It was also one of the few times, very few times, that the weather cooperated, cool, but sunny. Don't miss it in 1985!

Golf is no longer a rich man's game -- there are millions of poor players. A golfer is a chap who yells "Fore!", takes six and puts down five. Golf is what men do when they're too tired to mow the lawn. There are bigger things than money, bills, for instance. Shark steak is considered to be a delicacy. In other words, despite all that you've heard, you're much more likely to see a man eating shark than a man-eating shark. A sign now appearing in many factories, "Look alive, You can be replaced by a button." A desk is a waste-paper basket with drawers. And, never meet trouble half-way, it'll make the whole trip, if it wants to.

Except for the upper-left-hand corner, the above was stolen from "Cheese-Bits."

JAN '85

OLD BUSINESS

THE BLURB
30 YEARS AGO
JAN. 1955

This is the first issue bearing the name
THE BLURB.

New members: W3SAE & W3CHZ

New officers for the year:

Pres:	W3NIP	V.P.:	W3CNO
Sec:	W3QQH	Treas:	W3D\$G

W3UYI is interested in model planes -- seems like the English stole the world record on long distance flight by flying a model over the English Channel. Not to be out done, he's going to fly a model across the Delaware Bay somewhere near Lewes. He plans to track it in a regular mansized airplane and could use a little ground help.

W3SMA was last heard heading down stream to pick up another boat. He's a river Pilot you know ... W3WNC is building a lamp from the big bottle he received from one of the characters at the Annual Banquet ... The club would like to go on record as holding a freq. on each band about which members can coagulate. They are as follows: 75 - 3815; 40 - 7240; 20 - 14245; 10 - Chan. 1 29493.2 and Chan. 2 29624; 6 - 50.7; 2 - 147.78
Excerpted by W3IIM

Letter received by the BLURB 30 years ago.

From THE MEDWAY AMATEUR RECEIVING AND TRANSMITTING SOCIETY - Station call G2FJA

"You have, over the last many months, constantly sent to us the copies of your TVI Retreat scandal sheet. We feel therefore that it behooves us at this festive time of year to drop you a line or two expressing our thanks for the copies which you have sent.

"You will no doubt be pleased to know that we have unashamedly picked your brains, in that we have tried out several of your Wobbley Hobby ideas, and at our next meeting we propose to hold a sale of equipment on the lines of those you arrange where the club benefits to the extent of ten percent of the Lolly. Strangely enough, we have not used this system in the past since we have been operating a very profitable system whereby the equipment is presented to the club, and, when sold, the club took all of the money. (No wonder the club's bank account is so large.)

"We see that you are a club of some 100 members, and that you restrict membership to that number. We do not aspire to quite such a large membership, but we do pride ourselves that the fifty odd members we have do keep pretty active over club activities

"You will see from the heading of this letter that we have been founded since 1929 without a break at all, and, with fortnightly meetings, we must have talked an awful lot of hot air, and, in the process, drunk an awful lot of beer. (Club headquarters are situated over a flourishing Public House, or Beer Cellar.)

"If you feel able to answer this letter, perhaps you would clarify a small point which has always puzzled our members on your TVI Retreat. Month after month you have the heading "Refreshments - Prizes donated by Almo and Resco". Now this bare statement intrigues us, and we wonder just what it means. Can do??"

"I have left this letter far too late to reach you by Christmas, but all members of this Society would like to send you all the compliments of the season. Yours sincerely, D.H. Brett, Hon. Sec. 14 Connaught Road, Chatham, England."

OLD BUSINESS

THE BLURB
15 YEARS AGO
JAN. 1970

New officers for the year:

Pres.:	W3WXC	V. P.:	W3VVS
Sec.:	W3AJQ	Treas.:	K3KNH

Regular meeting program: W3QCV, Laurence LePage - The Gentle art of Straight Line Thinking.

The 20th annual Roundup Net, held from 9 A.M. till Noon, Nov. 16th, 1969, yielded 170 Phil-Monters and friends. K3KNH, K3UWO and W3QQH operated the communications van from the Roxboro reservoir. Operations were conducted on 3995.29.493 and 147.21 A.M., and on 52.525 and 146.9 F.M. Under this year's rules, members were urged to check in with each separate transmitter in the shack. 3 members, KLR, VVS and AES all used 9 transmitters.
Excerpted by W3IIM

Tax Deductions Anyone?

Our newest member, Howard Ziserman, WA3GOV, is working with young people at the Northeast High School in their Aerospace Engineering and Medical Magnet School program which is part of their Space Research Project.

Acting as trustee and teacher of the group which presently consists of 5 students, he is appealing for donations of amateur and electronic equipment, or even cash donations which are important for matching grants programs.

Howard may be reached at the following numbers: Home (215) 563-5254
Work (215) 448-7622

All donations are tax deductible. Here's an opportunity to help young people learn about amateur radio, and, at the same time, get some tax breaks from some of that excess equipment that's not being used anymore.

07 General Meeting at the Franklin Institute, Installation of Officers and
see below.
13 NCS's; 2m-WB3CMM, 10mWB3KAC
16 Bored of Directors' Meeting @ KB3IV. BLURB DEADLINE!
20 NCS's; 2m-W3ZPP, 10mKB3CT
27 " " N3AVE, " -KB3QE
03 February (I'll take a chance) NCS's; 2m-W3SRU, 10m-W3GIF

And from the rear seat - - An important announcement and plea.

As most of you know, we are now printing THE BLURB with a volunteer, WB3CMM, and doing a good job, too. But, being the ONLY printer can get to you, sooner or later, just ask me, I've been down that road. Bill hasn't ask, not yet, anyway, but I'm sure he would like to be spelled once in a while. If you have, or have access to, some kind of duplicating equipment, please, oh, please come forward. Even if it is only once a year --- and we already have ONE volunteer for once a year --- please let someone on the BLURB committee (see page 3, this issue) or Bill, WB3CMM, of your availability. There is an alternative, but that is for a later discussion. de w3pst

**** UPDATE ****

Below → January 7, General meeting program:
ON THE AIR WITH THE OLYMPIC TGRCH RUN
presented by Jim Metzger, KA3HWD and Charlie
Kozman, WB2NQV.

This is a professional quality visual
presentation showing highlights of amateur
radio's involvement in the cross-country
run. Your whole family will enjoy it.

SEEUATTHEMEETING!
